

**We are Covestro. We are curious. We are courageous. We are colorful. We redefine chemical material solutions with game-changing products. Let us empower you to push boundaries. Join us and our 16,000 colleagues now and together we will MAKE the world a brighter place.**

## **Manufacturing Assistant (Sheffield, MA)**

The primary purpose of this position is to utilize training and experience to make quality sheet that satisfies customer needs. The position will support machine tolerances, specifications, materials, and conduct all operations in a timely manner. In addition, this position will monitor machine quality, neatness, inspection and packaging.

### **Your tasks and responsibilities:**

- Reading shop orders
- Following and documenting quality specifications
- Completing lift truck training and demonstrating safe driving
- Setting up and operating a winder and the building of reels
- Counting, stacking, labeling and packaging of finished goods
- Participating in proper shift handoffs
- Completing safety orientations and adhering to job safety requirements
- Learning, knowing and using job specific technology (i.e. SAP, SOP, SharePoint, Outlook)
- Operating choppers, belt tables, lift tables, sheet counters, and packaging tools
- Submitting required Job Safety Behavioral Observations
- Developing a strong understanding of various continuous improvement methodologies such as Lean and 5S to create efficiencies and remove waste from all areas of the business (motion, paperwork, processes)

### **Who you are:**

- A High School diploma or GED, high school math and measurement skills, willingness to work on computer technology.
- A strong understanding of how information reporting through computer software has an impact on decisions.
- Ability to work 12 hour shifts on a rotating two week schedule which includes every other weekend (5pm – 5am)

**How to apply:** Please send your resume to [leah.wallace@covestro.com](mailto:leah.wallace@covestro.com)
