

Cummings School of Veterinary Medicine at Tufts University
Healing Animals. Helping Humans. Transforming Global Health.

If you enjoy working in a collaborative team environment with like-minded professionals who thrive on providing exceptional patient care, learning through clinical experience the most advanced life-saving techniques and procedures and are interested in contributing to the future of veterinary medicine, you may be the perfect candidate for a position here at the Cummings School of Veterinary Medicine small and large animal hospitals!

As a result of a sustained increase in demand for our clinical services, we are currently seeking qualified **Veterinary Technicians and Animal Care Attendants**.

The **Veterinary Technician** works as part of an integrated clinical care team to provide high quality nursing care to inpatient, outpatient, surgical, exotic and isolation cases. Provides assistance to clinical care team with regard to patient treatments and procedures, technician appointments/discharges and special procedures. In addition, the Veterinary Technician supervises and instructs veterinary students on each rotation.

As a respected member of our integrated clinical care team, you will collaborate with a group of committed professionals to provide high quality patient care in a state of the art environment. Our exceptional faculty will help enhance your clinical expertise and you, in turn, will have the opportunity to create a positive learning experience for Cummings School of Veterinary Medicine students.

The ideal candidates for the variety of **Veterinary Technician** positions will possess the following qualifications:

- Associates or Bachelor's Degree from an accredited Veterinary Technology program or related field of study. We welcome inquiries from recent graduates as well as experienced veterinary technicians who are CVT certified or eligible and have a High School Diploma or equivalent.
- Ability to work effectively in a busy clinical setting as a member of a diverse team of clinical and administrative professionals.

Our **Animal Care Attendants** support the mission of the hospitals by providing general housekeeping services patient care and feeding, cleanliness and comfort for all the dogs, cats, horses and exotic pets who are treated in our inpatient, outpatient and emergency services. Provides assistance to the Veterinary Technician in completing daily treatments.

- High School Diploma or the equivalent with related experience. Preferred qualification is technical training and knowledge of animal behavior, restraint, feeding and basic sanitation. Ability to work effectively as a member of a team. Pride in maintaining assigned areas in a hospital environment.

The animal hospitals provide 24-hour care for pets 365 days of the year and our positions offer a variety of schedules (day, evening, overnight, weekend). Positions may include providing holiday or weekend coverage on a rotating basis.

We are fortunate to be able to offer our team members comprehensive benefits including a competitive salary (commensurate with education and experience), health, dental, life, long term disability, long term care and vision insurance, 401(a), 403(b), tuition reimbursement, uniforms, paid holidays, generous vacation, personal and sick time.

If you are looking for a fulfilling work environment that values clinical expertise, exceptional patient care and superior customer service, we invite you to view our open positions and apply directly online at <http://jobs.hr.tufts.edu> or call Human Resources at (508)839-7975 for more information.

Tufts University is an AA/EO employer and actively seeks candidates from diverse backgrounds.
